THE FUTURE OF LEARNING IS HERE

Academic excellence meets a balanced life.

THE POWER OF FOUR CURRICULUM

4
DAYS A WEEK
Monday to Thursday schedule. A consistent three day weekend, every week, for the whole family.

4
LESSONS A DAY
Streamlined focus on four subjects. No information overload, no afternoon homework marathon.

4
HOURS A DAY
High impact, engaging blocks with live teachers on camera. Minimised screen fatigue.

THE TRIPLE 4 C DIFFERENCE

DIFFERENCE 01
Real human teachers
Live, interactive mentorship in every lesson. Learners are taught, not left alone with a screen.

DIFFERENCE 02
Strictly small classes
Maximum 16 learners per class, so every child gets individual attention every day.

DIFFERENCE 03
Extra Skills Fridays
Real world workshops in coding, finance, arts and leadership. The day learners talk about most.
